Re: Application of Transource Pennsylvania LLC for All of the Necessary Authority, Approvals and Certificates of Public Convenience (i) to Begin to Offer, Render, Furnish and/or Supply Transmission Service in the Commonwealth of Pennsylvania; (ii) for Approval of Certain Affiliated Interest Agreements; (iii) to construct and operate an electric substation facility in York County, Pennsylvania and for an exemption from Local Zoning Regulation and for the Construction of Buildings; and (iv) for any Other Approvals Necessary to Authorize the Contemplated Transactions, Docket No. A-2024-3049272

Dear Secretary Chiavetta:

As counsel for Transource Pennsylvania, LLC (“Transource PA”) in the above-captioned matter, and consistent with our responses to the Set III and IV Data Requests, we are writing to clarify the scope of the relief being sought in the pending Application by Transource PA for a Certificate of Public Convenience (“CPC”) to begin to offer, render, furnish and/or supply transmission service in the Commonwealth of Pennsylvania. Given that this Application was noticed to the general public in York County, Pennsylvania – the site of the proposed Bramah Substation to be constructed by Transource PA – Transource PA is only seeking a CPC for a service territory in York County, Pennsylvania.

Copies of this letter are being served on the Parties listed in the attached Certificate of Service. Please contact the undersigned if you have any questions or concerns. Thank you for your attention to this matter.

Very truly yours,

John F. Povilaitis
